***TO BE CONSIDERED, PROPOSALS MUST BE RECEIVED IN THE DISTRICT
OFFICE BY 4 P.M. (MST), Friday, Nov. 19, 2021***

The Jefferson County School District No. 251 is seeking proposals for construction management firms to perform Construction Manager/General Contractor ('CM/GC') services which will be determined by the JCSD. The scope of work will be to oversee the construction of a future project (subject to gaining 2/3 approval in a bond issue projected for March 8, 2022). The projects will be located in Rigby, Idaho.

A. PROJECTS

The District is planning the following:

- New middle school (to hold approximately 1,200 students)
- Various additions and renovations

Architect: TBD

Bond Amount: \$65 - \$70 million dollars

Const. Start: Summer/Fall of 2022

Completion: TBD

Status: Project Identification, Space Planning and Budgeting phases

B. REQUIRED SERVICES (SCOPE OF WORK)

Throughout **all** phases of the project, the CM/GC is expected to provide the District with professional construction management services and represent the District's interests in having the project completed on time, within budget, and as planned with a minimum of difficulties. It is anticipated that the AIA Document A133 Standard Form of Agreement between Owner and Construction Manager, with modifications, will form the basis of the services agreement in conjunction with AIA Document A201/CMA, General Conditions of the contract for Construction Manager-Adviser Edition, latest edition. Services shall include, but are not limited to the following:

1.0 DESIGN PHASE

- 1.1** In conjunction with the District staff and project architect, develop a comprehensive management plan to include efficient, effective non-duplicating set of procedures, responsibilities, and contracting strategy for overall project administration and contract compliance.
- 1.2** Assist in establishing a detailed scope of work to include all project costs such as construction, permits, fees, testing, equipment, administrative costs, soft costs, etc.

- 1.3 Based on the agreed scope of work, provide preliminary project construction estimates and make recommendations to the District. Provide a minimum of two (2) construction cost estimate updates during the construction document phase of the project.
- 1.4 Assist in obtaining all necessary agency reviews, approvals, and permits.
- 1.5 Develop combined or sequential bidding document packages for contractors and vendors.
- 1.6 Develop and maintain critical path schedules and responsibilities for all phases of the project and monitor participants' compliance.
- 1.7 Review bid documents to determine the lowest possible cost and the most responsive and responsible bidders. Make recommendations consistent with meeting the District's objectives.
- 1.8 Suggest options and ideas where cost and time savings might be achieved in all phases.
- 1.9 Solicit and maintain certificates and proof of performance and payment bonds and workman's compensation insurance from all subcontractors before and during construction, naming the District as an "other insured party".
- 1.10 Coordination and proof of tax payment by all subcontractors will be the responsibility of the construction manager.

NOTE CM/GC will be required to coordinate delivery of District furnished items and furnishings as required. Include in critical path schedule timelines and coordinate with District staff.

2.0 BIDDING PHASE

- 2.1 Develop bidding strategy and assist in evaluating bids for compliance with project requirements and documents.
- 2.2 Identify bid packages, which are in excess of the project budget and assist in working with the lowest possible bidder to identify cost savings opportunities, alternate methods, duplications, omissions, etc.
- 2.3 Make recommendations to the District for award of bid packages to the lowest responsive and responsible subcontractors and vendors.

NOTE CM/GC will be required to advertise, receive bids, tabulate bid results, and prepare vendor purchase orders for the District on a monthly basis or as directed by the District administration. All work must be in compliance with Idaho Code 54-4511.

3.0 CONSTRUCTION PHASE

- 3.1** With the project architect, conduct pre-construction meetings with all subcontractors and initiate construction activities under the field supervision of the CM/GC.
- 3.2** Provide traditional Division I, General Condition types of services such as project supervision, office trailers, telephones, toilets, temporary utilities, cleanup, etc.
- 3.3** Assume overall responsibility for the administration and scheduling of the construction contracts, quality assurance, and special inspection requirements. Receive, evaluate, and make recommendations for disposition of all requests for payment.
- 3.4** Maintain cost control records and monitor costs to assure compliance within the budget. Provide a schedule of values for all construction work in conjunction with the construction estimate and evaluate each subcontractor bid when received against the estimated construction cost value. Advise the Owner of significant differences found.
- 3.5** Schedule, conduct, and document weekly project coordination meetings involving all onsite personnel to verify compliance with overall project schedule.
- 3.6** Communicate to the contractors and vendors design clarifications, pricing requests, change orders, etc. Receive and review same documents for appropriateness and make prompt recommendations to the District for approval or disapproval.
- 3.7** Establish and maintain a construction reporting and monitoring system including daily construction reports, shop drawing logs, photographs, inspection reports, request for information, logs, etc. Maintain all project information clearly identified in three-ring binders for periodic review by the District staff and project architect.
- 3.8** Monitor construction workmanship and quality control. Monitor cash flow and provide project progress reports to the District and project architect as required.
- 3.9** Establish an effective procedure for timely claims resolution.

4.0 PROJECT COMMISSIONING

- 4.1** Develop a schedule for District move-in and occupancy. Coordinate delivery of District furnished equipment and furnishings as required.
- 4.2** Assist the District and project architect with final inspection and acceptance of the project. Obtain and verify all project guarantees, warranties, as-built drawings, manuals, etc., per the project manual and construction documents.
- 4.3** Assist in the subcontractors and vendor-provided training of District personnel, as required per the project manual and construction documents.

- 4.4 Address all post occupancy one-year warranty problems in a timely manner and coordinate subcontractor completion requirements with the District.
